WEB DEVELOPMENT EXPERIENCE

FULL STACK WEB DEVELOPER

GENERAL ASSEMBLY / BOSTON, MA | 2017

- » During a 12 week 600+ hour course I developed, tested and deployed full stack web apps, while working in agile style development teams learning development best practices.

PROJECTS

- » **PIK-PAK-POKEMON** / Tic-Tac-Toe app using javascript to build a custom game engine, HTML/SASS for the UI and AJAX to communicate with the server.
- » **BOOKIENOOK** / Full stack children's book review app. Built using Ruby on Rails, HTML5, and Handlebars.
- » **SCRIBBLE BOOK** / Full Stack CMS app, built as part of a group project. Built using Node.js, Express.js, Bootstrap, Handlebars.
- » **KITCH'N LISTR** / Commercial kitchen directory full stack app, to connect private kitchen owners and small catering businesses & chefs. Built using Ruby on Rails, HTML5, and Handlebars.

WORK EXPERIENCE

RELAY POWER

BOSTON, MA / 2016

» OUTREACH EVENT MANAGER

Designed sales and outreach process to effectively engage residents to sign up for community solar. Recruited, trained and managed a field marketing team.

NEXT STEP LIVING

BOSTON, MA / 2012-2016

» SR. OPERATIONS PROJECT COORDINATOR

Served as project manager for all pilot programs, as appropriate, defining and executing roll out plans across multiple offices in three states.

» SR. PROGRAMS COORDINATOR

Led and facilitated the adoption of new products and new market expansions where revenue generated was 30% over budgeted in the first six weeks.

» OUTREACH COORDINATOR

Implemented multi-year energy efficiency campaigns through building partnerships with municipalities, local businesses and non-profits. Oversaw and trained local field marketing team, that generated over 40% of the state's lead generation targets.
